DG Flugzeugbau GmbH / Preisliste

High performance motor glider DG-808C / 808C Competition

Serial equipment:

- * gross weight: 600 kg (Competition only)
- * 150 liter water ballast plus fin tank (Competition only)
- * reinforced safety cockpit
- * improved landing gear
- * integrated refueling system
- * gear warning
- * automatic engine extension and retraction control
- * primer automatic instead of choke
- * electrical indication for vertical positioning of propeller
- * new engine surveillance indicator DEI-NT with graphic display
- * preparation for integrated bugwiper system
- * 20 AH battery for engine and avionic
- * carbon fibre wings
- * automatic hook ups for all controls
- * mylar sealing on all control surfaces
- * teflon sealing on the flaperons
- * retractable gear with shock absorber
- * large steerable tail wheel
- * wing tip wheels
- * parking brake
- * Piggot hook
- * VHF-antenna integrated in fin
- * grey coloured registration number
- * choice centre of gravity tow hook or forward aero tow hook
- * tube for oxygen bottle
- * harness with rotating buckle
- * adjustable backrest with headrest
- * Roeger hook for canopy jettison
- * sliding window with air scoop
- * high quality fabric
- * tank filler cap - excellent for cross-country-safaries
- * service package with screws, filler etc.
- * rudder pedal plates
- * drain cup
- * cotton canopy cover

DG-808C

<u>Article-No.</u>	<u>Description</u>	<u>EUR without Tax</u>
10000860	high performance sailplane DG-808C Comp. 600 kg gross weight without wing parting	
10000861	DG-808C, engine SOLO 2625 without wing parting	

DG Flugzeugbau GmbH / Preisliste

Additional equipment for the DG-808C / 808C Competition

<u>Article-No.</u>	<u>Description</u>	<u>EUR without Tax</u>
10000890	surcharge for wing parting DG-808C	
10002004	adaptor for Prandtl-M-Tube	
10000840	15 m wing tips with winglets (only for wings with parting)	
10000868	winglets for 18 m wingspan and adjustment	
10191028	water ballast system 2x50l with fabric reinforced water bags, DG-808C	
10191044	disc brake DG-808C for safety cockpit	
10191023	necessity provision installed in seat shell for single-seater	
10007706	surcharge tinted canopy /single seater (order 6 months before deliery)	
10191002	optional aero tow hook installed, mandatory for Australia and Switzerland	
10006040	nose hook instead of c.g. hook	
10190085	pedal adjustment (width) DG-808C	
10003911	Solar panel Strobl on fuselage DG-808C	
10003906	solar panel on engine doors incl. charge control	
10006023	Installation costs for solar generator	
10191024	selector switch from TE to static pressure for E-vario install. costs incl	
10190028	auxiliary current connection for motorglider	
10190071	Option: separate charging socked with fuse connected between main switch	
10191007	larger wing tip wheels with holder for removable wing tip wheel	
10191006	larger wing tip wheels without holder for removable wing tip wheel	
10007704	surcharge PU-finish	
10191042	automatic propeller brake for DG-808C	

DG Flugzeugbau GmbH / Preisliste

60510561	exhaust gas temperature indication (EGT) complete set for DG-800C
10190064	instrument panel carbon design (instead of lacquered)
10190063	surcharge wood grain instrument panel
10190060	executive-line leather equipment for single seater
10002513	addit. battery for luggage compartment incl.fastener (Z 73)
10190081	bug wiper BWS Electronic, in fuselage integrated completely incl installation
10191027	removable head rest DG-808C, installed
10170001	Emergency Exit Assistant (NOAH) complete, (without installation)
10006033	installation cost for NOAH in single seater
10180140	fitting for oxygen bottle for single seater motor glider
10190087	surcharge for slim instrument panel
10001882	magnetic switch for vario/SC on wing flap control
10007030	TE-probe
10180060	TE-probe suitable for Prantl-M-adapter
10002005	Prandtl-multi-tube (carbon)
10002003	prandtl-M-probe (metal)
10180051	seat cushion for back type parachute
10180057	
10180053	seat cushion for chair type parachute
10180059	
10180094	tail dolly with pneumatic tire (No.09/4)DG-808C
10180600	removable wing-tip wheel (only together w. large wing tip wheels)
10180111	trim weight no. 1 DG single seater

DG Flugzeugbau GmbH / Preisliste

10180112	trim weight no. 2 DG single seater France upper left (form 2)
10180113	trim weight no. 3 DG single seater France upper right (form 3)
10180082	battery charger for DG-808C, DG-1000S with plug BSK 12
10180083	adapter connector for charger
10190086	air cushion for back rest adjustment DG-808C
10180660	filling device for wing ballast system
10190029	threads and eye screw for tie down at inner wing panels
10180241	noise absorbing earphone for single-seater motor glider (Dittel)
10180640	Exzenter bolt (rigging tool)
10007754	JAXIDA all weather covering DG-808C (18m)
10007767	
10007762	Cotton cover DG-808C complete
10004520	EDS oxygen system O2D1 for single-seaters without bottle
10004550	oxygen bottle 4 l, filled for DG single-seaters

Please note: When ordering removable headrest the adjustable back rest can not be installed.

DG Flugzeugbau GmbH / Preisliste

XL- package for DG-808C, DG-808C Competition

The XL-package is offered for a special price:

- * electrical propeller brake
- * excentric assembly tool
- * EGT indicator - including 2 temperature probes to monitor the exhaust gas temperatures
- * additional battery (7 Ah) and selector switch
- * large wingtip-wheels with holder
- * removable wing dolly - foldable and to be stored in the baggage compartment
- * additional charging socket
- * pneumatic selector switch static / TE

The XL-Solar-Package additionally includes a solar panel mounted on the fuselage or on the engine doors.

The XL-NOAH-Package additionally includes the emergency exit aid NOAH

The XL-NOAH-Solar-Package additionally includes a solar panel mounted on the fuselage or on the engine doors and the emergency exit aid NOAH.

<u>Article-No.</u>	<u>Description</u>	<u>EUR without Tax</u>
10190070	surcharge: XL-Package for DG-808C	
10190073	surcharge: XL-Solar Package for DG-808C	
10190090	surcharge: XL-Noah Package for DG-808C	
10190091	surcharge: XL-Noah/Solar Package for DG-808C	

DG Flugzeugbau GmbH / Preisliste

High performance sailplane (single seater) DG-808S

Serial equipment:

- * carbon fibre wings
- * automatic hook ups for all controls and the water ballast system
- * water ballast 120 litre
- * mylar sealing on all control surfaces
- * teflon sealing on the flaperons
- * retractable gear with shock absorber
- * big tail wheel
- * centre of gravity tow hook
- * trim release handle at control stick
- * Piggott-hook
- * parking brake
- * VHF-antenna integrated in fin
- * battery case integrated in fin
- * battery case integrated baggage compartment
- * adaptor for Prandtl-M-Tube
- * grey coloured registration number
- * tube for oxygen bottle
- * high quality fabric
- * harness with rotation closure
- * adjustable backrest
- * sliding window with air scoop
- * service package with screws, filler etc.
- * rudder pedal-plate
- * cotton canopy cover

DG-808S

<u>Article-No.</u>	<u>Description</u>	<u>EUR without Tax</u>
10000836	sailplane DG-808S competition 18 m without wing parting	
10000831	high performance sailplane DG-808S, 18-meter wing span without wing parting	
10000890	surcharge for wing parting DG-808C	
10000868	winglets for 18 m wingspan and adjustment	
10000840	15 m wing tips with winglets (only for wings with parting)	

Special equipment for the DG-808S

<u>Article-No.</u>	<u>Description</u>	<u>EUR without Tax</u>
10190081	bug wiper BWS Electronic, in fuselage integrated completely incl installation	

DG Flugzeugbau GmbH / Preisliste

10191009	surcharge water ballast 2x87 Litre incl. Installation (not for competition)
10000889	surcharge for 18m standard wing tip skid finished for all DG-808C
10180010	battery for baggage compartment, 10 Ah for DG-1000, DG-808S
10180071	battery 10 Ah, for vertical fin DG-808S
10003907	Solar panel on the fuselage, 3 units, incl. charge control for DG-808S
10006023	Installation costs for solar generator
10190060	executive-line leather equipment for single seater
10190064	instrument panel carbon design (instead of lacquered)
10190063	surcharge wood grain instrument panel
10007706	surcharge tinted canopy /single seater (order 6 months before delivery)
10180130	fitting for oxygen bottle (No.Z13) (glider) for single-seater
10191027	removable head rest DG-808C, installed
10191023	necessity provision installed in seat shell for single-seater
10007704	surcharge PU-finish
10191002	optional aero tow hook installed, mandatory for Australia and Switzerland
10191020	landing gear control buzzer, installed for single seater)
10180092	attachable tail dolly for DG-808S
10190016	surcharge brass tail wheel (3,1 kg)
10191021	trim weight box for 3 trim weights (No.Z210) incl. installation
10180100	trim weight 2,2 kg
10180110	1 set trim weights (3 pcs.)
10180640	Exzenter bolt (rigging tool)
10181280	water ballast electrical pump system

DG Flugzeugbau GmbH / Preisliste

XL-Package for DG-808S

We offer the XL-package for a special price:

- * emergency exit aid NOAH
- * solar panes on the fuselage (2 units)
- * excentric assembly tool
- * holder for cans and bottles
- * separate charging socket with circuit breaker

<u>Article-No.</u>	<u>Description</u>	<u>EUR without Tax</u>
10190092	Surcharge: XL-package for DG-808S	

DG Flugzeugbau GmbH / Preisliste

High performance sailplane (two seater) DG-1000

Serial equipment for all DG-1000:

- * carbon fibre wings
- * double story airbrakes
- * large wing tip wheels
- * automatic hook up's
- * preparation trim box integrated in fin
- * tail wheel with ball bearings
- * centre of gravity tow hook and aero tow hook
- * VHF-antenna integrated in fin
- * adapter for Prandtl-M-Tube
- * grey coloured registration number
- * pick up for oxygen bottle (7 litres)
- * seat belt with rotating closure
- * head rest
- * height adjustable rear seat shell
- * sliding window with air scoop
- * service package with useful spare parts
- * cotton canopy cover
- * removable control stick in rear cockpit

Additional equipment for DG-1000S and T:

- * wing parting (20m-wing-span)
- * attachable wing tips with winglets
- * 160 litre water ballast
- * fin tank
- * retractable gear with shock absorber

Additional equipment for DG-1000T:

- * engine SOLO 2350C installed
- * DEI new technology (DEI-NT) with graphic display
- * elektrical starter + automatic primer
- * throttle (front cockpit)
- * installed refueling system

Equipment for DG-1000S (Club):

- * wing without parting, 18m wing span
- * fixed gear with shock absorber
- * nose wheel

High performance sailplane (single seater) LS10-s

Serial equipment:

- *wing parting at y = 7m for 15 m or 18 m wingspan
- *18 m wingtips with winglets
- *preparation for engine retrofit (engine compartment)
- *preparation for integrated bug wipers
- *gross weight 600 kg with 18 m wingspan
- *automatic hook ups for all controls
- *retractable 5 inch gear with shock absorber
- *tail wheel
- *wheel brake operated by airbrake lever
- *prandtl-M-adapter
- *nose hook for aero tow
- *center of gravity tow hook retracts with landing gear
- *forward hinged canopy
- *instrument panel opens with canopy
- *free adjustable trim setting
- *back rest with integrated neck rest
- *radio antenna integrated in the fin
- *standard instrument panel
- *side covers with integrated pockets
- *automatic hook ups for the water ballast system (190 liters wings, 10 liters fin), two completely independent and separate water ballast systems
- *sealing for all controls
- *TEK- single tube adapter
- *Röger hook
- *Compartment for 2 front batteries and 1 tail battery
- *attachment for trim weight
- *seat harness with rotation buckle
- *grey registration number
- *cotton canopy cover
- *funnels for filling the ballast tanks
- *oxygen bottle tube
- *leather grip on stick and flap handle
